

Beevers Reserve, Kingsville Concept Design Package

The concept design for Beevers Reserve aims to enhance the site's existing features and strengthen its connection to the surrounding community. This is achieved through the introduction of new play equipment and the creation of consolidated spaces for social gathering, rest, and play. These spaces are designed to be functional, inviting, and reflective of the local streetscape and neighbourhood character.

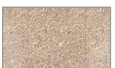

PLAYGROUND area includes tower with slide, climbing net, spinner, rocker, monkey bars, play panels (existing swings retained) and seating for guardians. Play equipment selected to support swining, climbing, spinning, rocking, hanging

NATURE PLAY is incorporated with playful sculptures, boulders, steppers, log seating edges and native plantings

Small-scale water play element

NATURE PLAY is incorporated with playful sculptures, boulders, steppers, log seating edges and native plantings

Silver Banksia
Banksia marginata

Lemon Bottlebrush
Callistemon pallidus

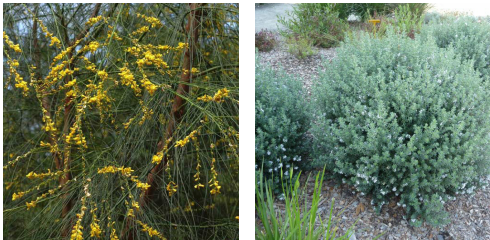

Clustered Everlasting
*Chrysocephalum semi-
papposum*

Rock Correa
Correa glabra

Spotted Emubush
Eremophila maculata

Hedge Saltbush
Rhagodia spinescens

Native Broom
Viminaria juncea

Coastal Rosemary
Westringia fruticosa

STRAPPY PLANTS

Feather Spear Grass
*Austrostipa elegan-
tissima*

Black Anther
Flax Lily
Dianella admixta

Tasmania Flax Lily
Dianella tasmanica

Knobby Clubrush
Ficinia nodosa

Creek Mat Rush
Lomandra hystrix

Spiny-headed Mat
Rush
Lomandra longifolia

Common Tussock
Grass
Poa labillardieri

Velvet Tussock Grass
Poa morrisii

GROUNDCOVERS

Lemon Beauty-heads
Calocephalus citreus

Milky Beauty-heads
Calocephalus lacteus

Pigface
Carpobrotus rossii

Ruby Salt Bush
*Enchylaena
tomentosa*

Black Kennedia
Kennedia nigricans
